

All In

In all started with a small blind.
just to find out how its like.
Now I know it's just a thin line,
between whats wrong and what is right.
I know I'm out out of my mind.
But would'nt you risk it too.,
if you're sure for the first time.
And you're ready to get burned.
Cause that's the only way to learn.

I'm all in, and I'm seeking for me chance to win.
I'm a rolling dice. Me time has come, to pay the price yeah.
I'm all in, and I'm seeking for me chance to win.
I'm a rolling dice...

Before I was'nt ready. Yes I know I'm quite unsteady.
But I'm not afraid. I'm just petrified, stucked for a while in a place without
time yeah.

Don't you think we all need a second chance?

Some room for mistakes.
So here I am standing on the edge, ready to jump.
Hopin' you catch me?

Cause I'm all in.
And I'm seeking for me chance to win.
I'm a rolling dice. Me time has come, to pay the price yeah.
I'm all in, and I'm seeking for me chance to win.
I'm a rolling dice... and a me pay me price yeah.

even though there's nothing left to win I'm willing to give my everything,
cause I know, I can't fail as long as I smile.. yeah!
Only a fool can't be fooled by love, so why d'you insist of clearing my
head? And clean your heart instead.. yeah yeah yo!

yes I'm all in! And I'm seeking for me chance to win. I'm a rolling dice...
